

No other charity, locally or nationally, can say they touch all walks of life. From infants to senior citizens, birth to death, ***United Way of Lake County is there to help people in need.***

What sets us apart from the rest?

- Money raised here stays here
- Volunteers decide where donations go
- United Way of Lake County has low overhead
- United Way of Lake County funds directly to programs
- Funded agency programs meet community needs
- Programs are expected to achieve results

We focus on four areas of care:

1. Children & Families

2. Basic Needs

3. Health & Wellness

4. Senior Citizens
