

## **LIVE UNITED. GIVE UNITED.**

**Kathy** was a single mother when she entered the **Family Development Program** through **Lifeline, Inc.** Without her high school diploma, Kathy struggled to provide for her four children who depended upon her for the basic necessities of life. Kathy didn't quit. With financial help, she persevered and worked hard for two years to turn her life around. At the conclusion of the Family Development Program, Kathy said, *"Now that I have my GED, a door just opened with a million possibilities available to me. Thank you!"*
