

## United Way Fights for Youth Opportunities

At the beginning of each school year, children in public and community school kindergarten programs are assessed using Ohio's Kindergarten Readiness Assessment. This assessment includes ways for teachers to measure a child's readiness for engaging with instruction aligned to the kindergarten standards. Less than half of the children in Lake County enter kindergarten with enough skills, knowledge, and abilities to engage in kindergarten-level instruction. That means 57% of Lake County children may never catch up and risk being left behind throughout school.

## United Way Fights for Financial Stability

At United Way of Lake County, we work to remove barriers to self-sufficiency, including: transportation, adult education, stable housing, emergency services, banked with savings, basic life skills, food insecurity and safety. Our goal involves giving the hard-working residents of our community the ability to prosper by ensuring every individual and family has access to education, training, services, and resources.

## United Way Fights for Healthy Communities

Too many individuals in Lake County live in distress from being uninsured or under-insured. When it comes to accessing health services, a person's zip code, standing in life and job and financial status can serve as a harsh barrier to quality healthcare.
